DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114 was filed in this application **after a decision by the Board of Patent Appeals and Interferences, but before the filing of a Notice of Appeal to the Court of Appeals for the Federal Circuit or the commencement of a civil action.** Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 05/23/2006 has been entered.
2. The text of those sections of Title 35, U.S. Code not included in this section can be found in the prior office action.
3. The prior office actions are incorporated herein by reference. In particular, the observations with respect to claim language, and response to previously presented arguments.
4. Claims 1, 16, 27, 38, 39, 42, 49, 52 and 55 have been amended.
5. Claims 1-58 are pending.

Response to Arguments

6. Applicant's arguments filed 05/23/2006 have been fully considered but they are not persuasive.

Art Unit: 2132

Applicant's added limitations into the independent claims 1, 16,27,38, 39,42, 49, 52 and 55 only disclose utilization of a portable device assigned to a user to implement the identifying a location of an authorized person associated with a response and the location of the received response of the above claims, which already have been considered by The Board of Patent Appeal and Interference (see page 2 paragraph 1, where board has considered "portable device" of a user where it described the invention as "the user's location is obtained by use of an individual GPS system carried by each user on a portable device". Therefore the added limitation have already be considered by The BPAI and based on such consideration a decision have been rendered (see Decision on Appeal, mailed on 03/23/2006).

Claim Rejections - 35 USC § 103

Examiner has pointed out particular references contained in the prior arts of record in the body of this action for the convenience of the applicant. Although the specified citations are representative of the teachings in the art and are applied to the specific limitations within the individual claim, other passages and figures may apply as well. Applicant should consider the entire prior art as applicable as to the limitations of the claims. It is respectfully requested from the applicant, in preparing the response, to consider fully the entire references as potentially teaching all or part of the claimed invention, as well as the context of the passage as taught by the prior arts or disclosed by the examiner.

7. Applicant's added limitations into the independent claims 1, 16,27,38, 39,42, 49, 52 and 55 only disclose utilization of a portable device assigned to a user to

Art Unit: 2132

implement the identifying a location of an authorized person associated with a response and the location of the received response of the above claims, which already have been considered by The Board of Patent Appeal and Interference (see page 2 paragraph 1, where board has considered “portable device” of a user where it described the invention as “the user’s location is obtained by use of an individual GPS system carried by each user on a portable device”. Therefore the added limitation have already be considered by The BPAI and based on such consideration a decision have been rendered (see Decision on Appeal, mailed on 03/23/2006).

8. All claims are rejected. For the rejection of the claims, please see the Prior Final Rejection rendered on 12/06/2004 in light of BPAI DECISION ON APPEAL March 23, 2006; and further in light of Examiner rejection of added limitations into independent claims above (item 7).

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
